Hallo!

Kali ini saya akan membuat tutorial "Membuat Akun Github"

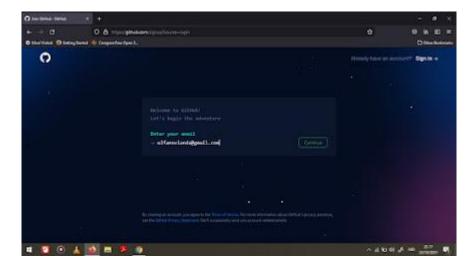

1. Langka awal search "Github Login" di google,setelah itu klik "Sigh In Github"

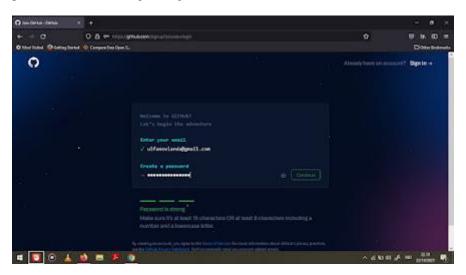

2. Langkah selanjutnya klik "Create On Account"

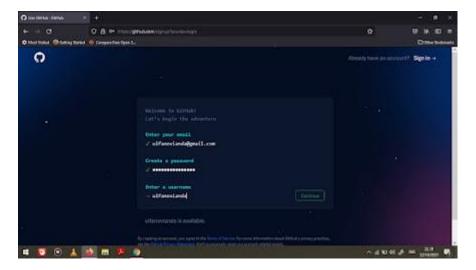

3. Selanjutnya masukkan email anda

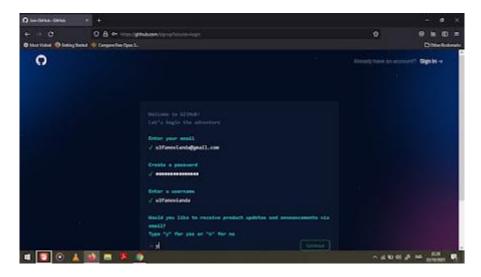

4. Kemudia buat password baru untuk log in ke github

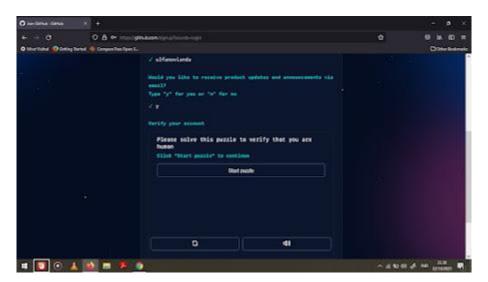

5. Langkah kelima yaitu masukkan nama anda sebagai nama pengguna

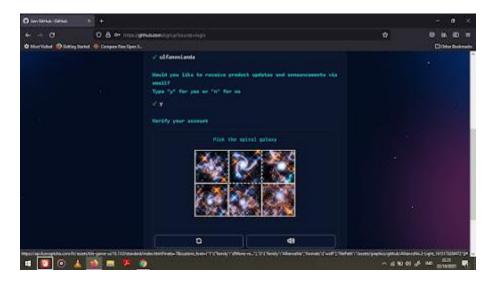

6. Kemudian ketik "Y"

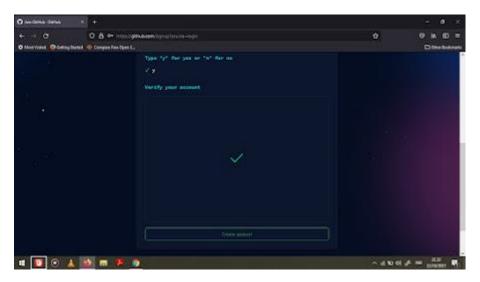

7. Selanjutnya klik "Start Puzzle"

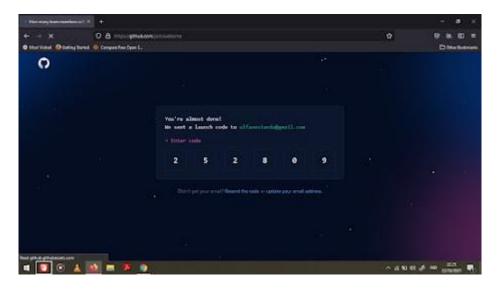

8. Lalu pilih puzzle yang tepat hingga puzzle terakhir

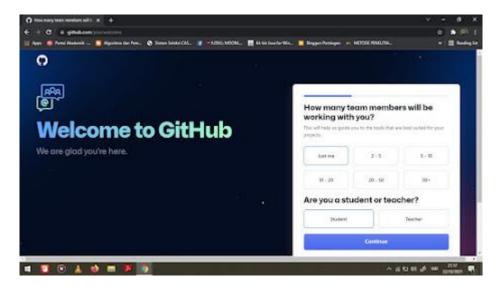

9. Langkah selanjutnya klik "Creat Account"

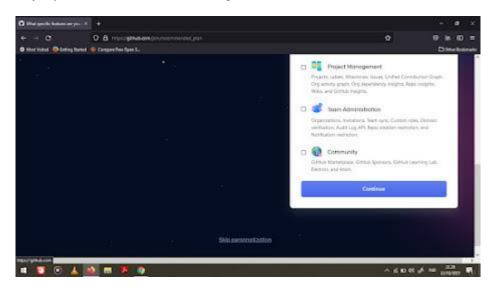

10. Kemudian masukkan code yang terkirim ke email anda

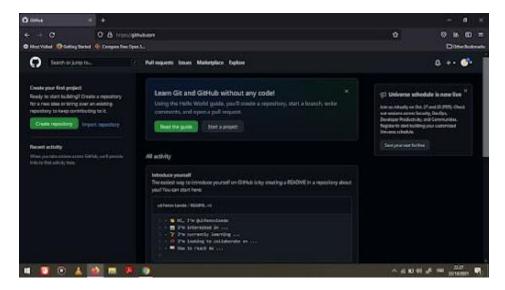

11. Selanjutnya klik "Just me" dan klik "Student"

12. Langkah selanjutnya klik "Continue" dan klik "Skip Personalization"

13. Langkah terakhir, account anda telah jadi

Demikian tutorial membuat account Githup,semoga membantu
